INFORMATION

- PAH:** **P**olyzyclic **A**romatic **H**ydrocarbon
PAH are 16 various substances of coal and oil which are classified as pollutants and hazardous to health.
We confirm that all our products follow the PAH Recommendation Category 3.
- REACH:** **R**egistration, **E**valuation, **A**uthorisation and Restriction of **C**hemicals
REACH requires to register all chemical substances supplied within the EU and to evaluate their potential hazards for the human being and the environment.
We insist on written confirmations from our suppliers that all chemical components meet the registration-requirements.
- RoHS** **R**estriction of certain **H**azardous **S**ubstances
The RoHS directive prohibits the usage of lead, mercury, cadmium, 6-valued chrome, polybrominated biphenyls (PBB) and polychlorinated diphenyl aether (PBDE) on electric and electronic products sold into European markets.
All our furniture, instiutional, hospital bed and stainless steel castors comply with the directive 2002/95/EG.
- Lead Ban in Denmark:** The fact sheet no. 33 does not apply to our products.
- TÜV:** TENTE supplies TÜV technical certified hospital bed castors.
Our castor series 2040 INTEGRAL is approved according to DIN EN 12531 and ICE 60601.
